

ITC HUB MEMBERSHIP INFORMATION PACK

'In Good Company!'

Become one of our ITC Hubs to receive membership benefits for your own organisation & your local independent theatre community.

ITC is encouraging Venues and other larger hub organisations to join us in a way that will support their own organisations and the smaller organisations and artists that they engage with and are working to develop.

The Benefits of Hub Membership

- Access to phone & email advice for your own organisation
- Advice for new, independent artists & small newly forming organisations that you are working to support.
- 20% discount on ITC membership for any resident companies within your organisation
- Access to members' rates for training for all your staff & affiliated artists both on our core programme or for in-house courses.
- Access to free member's forums for all your staff & affiliated practitioners.
- Members' rates for ITC events & conferences
- Access to the resources on the Members' Zone of the ITC website for your own organisation & all your affiliated artists and practitioners.

We are very keen to hold more training & events throughout the UK & would be happy to discuss with Hub members hosting events or programming courses at your venue accessible for the people you work with in your region.
